DETAILED ACTION

The response filed 1/29/2003 is acknowledge and the claims 1-42 are pending.

Reissue Applications

1. The original patent, or a statement as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.
2. The rejection of claims 21-42 under 35 U.S.C 112, first paragraph (enablement and written description) is withdrawn.
3. The rejection of claims 21-42 under 35 U.S.C. 112, second paragraph remains.

The response filed 1/29/2003 argues that a signal primer may be extended as claimed in step (b) of claims 21 and 29 – a signal primer extension product is not capable of exponential amplification. This limitation is not presented in the claim.

In addition, based upon the response filed 1/29/2004, it is still unclear whether said signal primer acts as an amplification primer or not. Clarification is required. Thus, the rejection is maintained.

Summary

4. Claims 1-20 are allowable and claims 21-42 are not allowable.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after

Art Unit: 1637

the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
